#### I. ORGANIZATION

The HCM Defender 100 Index ETF ("QQH") and the HCM Defender 500 Index ETF ("LGH") (each a "Fund" and collectively the "Funds") are each a diversified series of Northern Lights Fund Trust III (the "Trust"), a statutory trust organized under the laws of the State of Delaware on December 5, 2011, which is registered under the Investment Company Act of 1940, as amended (the "1940 Act"), as an open-end management investment company. QQH's investment objective seeks to provide investment results that correspond, before fees and expenses, generally to the performance of the HCM Defender 100 Index. LGH's investment objective seeks to provide investment results that correspond, before fees and expenses, generally to the performance of the HCM Defender 500 Index. The investment objectives of each Fund are non-fundamental. QQH and LGH commenced operations on October 9, 2019.

### 2. SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies followed by the Funds in preparation of their financial statements. These policies are in conformity with generally accepted accounting principles in the United States of America ("GAAP"). The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses for the period. Actual results could differ from those estimates. The Funds are each investment companies and accordingly follow the investment company accounting and reporting guidance of the Financial Accounting Standards Board ("FASB") Accounting Standards Codification Topic 946 "Financial Services – Investment Companies", including FASB Accounting Standards Update ("ASU") 2013-08.

Operating Segments - The Funds have adopted FASB ASU 2023-07, Segment Reporting ("Topic 280") - Improvements to Reportable Segment Disclosures. Adoption of the standard impacted financial statement disclosures only and did not affect each Fund's financial position or the results of its operations. An operating segment is defined in Topic 280 as a component of a public entity that engages in business activities from which it may recognize revenues and incur expenses, has operating results that are regularly reviewed by the public entity's chief operating decision maker ("CODM") to make decisions about resources to be allocated to the segment and assess its performance, and has discrete financial information available. The CODM is comprised of the portfolio managers and Chief Financial Officer of the Funds. Each Fund operates as a single operating segment. Each Fund's income, expenses, assets, changes in net assets resulting from operations and performance are regularly monitored and assessed as a whole by the CODM responsible for oversight functions of each Fund, using the information presented in the financial statements and financial highlights.

**Securities valuation** – Securities listed on an exchange are valued at the last reported sale price at the close of the regular trading session of the primary exchange on the business day the value is being determined, or in the case of securities listed on NASDAQ, at the NASDAQ Official Closing Price ("NOCP"). In the absence of a sale, such securities shall be valued at the mean between the current bid and ask prices on the primary exchange on the day of valuation. Debt securities (other than short-term obligations) are valued each day by an independent pricing service approved by the Trust's Board of

June 30, 2025

Trustees (the "Board") based on methods which include consideration of: yields or prices of securities of comparable quality, coupon, maturity and type, indications as to values from dealers, and general market conditions or market quotations from a major market maker in the securities. Investments valued in currencies other than the U.S. dollar are converted to U.S. dollars using exchange rates obtained from pricing services. Short-term debt obligations having 60 days or less remaining until maturity, at time of purchase, may be valued at amortized cost, which approximates fair value. Investments in open-end investment companies are valued at net asset value.

The Funds may hold investments, such as private investments, interests in commodity pools, other non-traded securities or temporarily illiquid securities, for which market quotations are not readily available or are determined to be unreliable. These investments will be valued using the "fair value" procedures approved by the Board. The Board has delegated execution of these procedures to the adviser as its valuation designee (the "Valuation Designee"). The Board may also enlist third party consultants such as a valuation specialist at a public accounting firm, valuation consultant or financial officer of a security issuer on an as-needed basis to assist the Valuation Designee in determining a security-specific fair value. The Board is responsible for reviewing and approving fair value methodologies utilized by the Valuation Designee, which approval shall be based upon whether the Valuation Designee followed the valuation procedures established by the Board.

Fair Valuation Process - Applicable investments are valued by the Valuation Designee pursuant to valuation procedures established by the Board. For example, fair value determinations are required for the following securities: (i) securities for which market quotations are insufficient or not readily available on a particular business day (including securities for which there is a short and temporary lapse in the provision of a price by the regular pricing source); (ii) securities for which, in the judgment of the Valuation Designee, the prices or values available do not represent the fair value of the instrument; factors which may cause the Valuation Designee to make such a judgment include, but are not limited to, the following: only a bid price or an ask price is available; the spread between bid and ask prices is substantial; the frequency of sales; the thinness of the market; the size of reported trades; and actions of the securities markets, such as the suspension or limitation of trading; (iii) securities determined to be illiquid; and (iv) securities with respect to which an event that will affect the value thereof has occurred (a "significant event") since the closing prices were established on the principal exchange on which they are traded, but prior to a Fund's calculation of its net asset value. Specifically, interests in commodity pools or managed futures pools are valued on a daily basis by reference to the closing market prices of each futures contract or other asset held by a pool, as adjusted for pool expenses. Restricted or illiquid investments, such as private investments or non-traded securities are valued based upon the current bid for the security from two or more independent dealers or other parties reasonably familiar with the facts and circumstances of the security (who should take into consideration all relevant factors as may be appropriate under the circumstances). If a current bid from such independent dealers or other independent parties is unavailable, the Valuation Designee shall determine, the fair value of such security using the following factors: (i) the type of security; (ii) the cost at date of purchase; (iii) the size and nature of a Fund's holdings; (iv) the discount from market value of unrestricted securities of the same class at the time of purchase and subsequent thereto; (v) information as to any transactions or offers with respect to the security; (vi) the nature and duration of restrictions on disposition of the security and the existence of any registration rights; (vii) how the yield of the security compares to similar

June 30, 2025

securities of companies of similar or equal creditworthiness; (viii) the level of recent trades of similar or comparable securities; (ix) the liquidity characteristics of the security; (x) current market conditions; and (xi) the market value of any securities into which the security is convertible or exchangeable.

**Exchange Traded Funds ("ETFs")** – The Funds may invest in ETFs. ETFs are generally a type of fund bought and sold on a securities exchange. An ETF trades like common stock and represents a portfolio of securities. The risks of owning an ETF generally reflect the risks of owning the underlying securities they hold, although the lack of liquidity on an ETF could result in it being more volatile. Additionally, ETFs have fees and expenses that reduce their value.

The Funds utilize various methods to measure the fair value of all of their investments on a recurring basis. GAAP establishes a hierarchy that prioritizes inputs to valuation methods. The three levels of input are:

Level I – Unadjusted quoted prices in active markets for identical assets and liabilities that the Funds have the ability to access.

Level 2 — Observable inputs other than quoted prices included in Level I that are observable for the asset or liability, either directly or indirectly. These inputs may include quoted prices for the identical instrument in an inactive market, prices for similar instruments, interest rates, prepayment speeds, credit risk, yield curves, default rates and similar data.

Level 3 – Unobservable inputs for the asset or liability, to the extent relevant observable inputs are not available, representing the Funds' own assumptions about the assumptions a market participant would use in valuing the asset or liability, and would be based on the best information available.

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors, including, for example, the type of security, whether the security is new and not yet established in the marketplace, the liquidity of markets, and other characteristics particular to the security. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of value requires more judgment. Accordingly, the degree of judgment exercised in determining value is greatest for instruments categorized in Level 3.

The inputs used to measure value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety, is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

June 30, 2025

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. The following tables summarize the inputs used as of June 30, 2025 for the Funds' assets measured at fair value:

HCM Defender I 00 Index ETF

Total	\$	488,680,038	\$	-	\$	-	\$	488,680,038			

The Funds did not hold any Level 2 or 3 securities during the year.

**Security transactions and related income** – Security transactions are accounted for on the trade date. Interest income is recognized on an accrual basis. Dividend income is recorded on the ex-dividend date. Realized gains or losses from sales of securities are determined by comparing the identified cost of the security lot sold with the net sales proceeds.

**Dividends and distributions to shareholders** – Dividends from net investment income and net realized capital gains, if any, are declared and paid annually for each Fund. Dividends from net investment income and distributions from net realized gains are determined in accordance with federal income tax regulations, which may differ from GAAP. These "book/tax" differences are considered either temporary (e.g., deferred losses) or permanent in nature. To the extent these differences are permanent in nature, such amounts are reclassified within the composition of net assets based on their federal tax-basis treatment; temporary differences do not require reclassification. Dividends and distributions to shareholders are recorded on the ex-dividend date.

Federal Income Taxes – The Funds intend to continue to comply with the requirements of the Internal Revenue Code applicable to regulated investment companies and to distribute all of their taxable income to their shareholders. Therefore, no provision for federal income tax is required. The Funds recognize the tax benefits of uncertain tax positions only where the position is "more likely than not" to be sustained assuming examination by tax authorities. Management has analyzed the Funds' tax positions and has concluded that no liability for unrecognized tax benefits should be recorded related to uncertain tax positions taken on returns filed for open tax year June 30, 2022 through June 30, 2024, or expected to be taken in the Funds' June 30, 2025 tax returns. The Funds identify their major tax jurisdictions as U.S. federal, Ohio and foreign jurisdictions where the Funds make significant investments.

<sup>\*</sup> See Schedule of Investments for industry classification.

<sup>^</sup> Includes securities valued at \$0.

June 30, 2025

The Funds are not aware of any tax positions for which it is reasonably possible that the total amounts of unrecognized tax benefits will change materially in the next twelve months.

**Expenses** – Expenses of the Trust that are directly identifiable to a specific fund are charged to that fund. Expenses, which are not readily identifiable to a specific fund, are allocated in such a manner as deemed equitable (as determined by the Board), taking into consideration the nature and type of expense and the relative sizes of the funds in the Trust.

Foreign Currency – The accounting records of the Funds are maintained in U.S. dollars. Investment securities and other assets and liabilities denominated in a foreign currency, and income receipts and expense payments are translated into U.S. dollars using the prevailing exchange rate at the London market close. Purchases and sales of securities are translated into U.S. dollars at the contractual currency rates established at the approximate time of the trade. Net realized gains and losses on foreign currency transactions represent net gains and losses from currency realized between the trade and settlement dates on securities transactions, gains and losses on the purchase and sale of foreign currencies and the difference between income accrued versus income received. The effects of changes in foreign currency exchange rates on investments in securities are included with the net realized and unrealized gain or loss on investment securities. For the year ended June 30, 2025, QQH and LGH had a realized loss of \$278 and \$0 on foreign currency transactions, respectively.

**Indemnification** – The Trust indemnifies its officers and Trustees for certain liabilities that may arise from the performance of their duties to the Trust. Additionally, in the normal course of business, the Funds enter into contracts that contain a variety of representations and warranties and which provide general indemnities. The Funds' maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Funds that have not yet occurred. However, based on experience, the risk of loss due to these warranties and indemnities appears to be remote.

#### 3. INVESTMENT TRANSACTIONS

For the year ended June 30, 2025, cost of purchases and proceeds from sales of portfolio securities (excluding in-kind transactions and short-term investments) for the Funds were as follows:

Ticker Symbol	Purchases	Sales
QQH	\$ 781,494,321	\$ 780,253,502
LGH	\$ 619,136,990	\$ 620,624,216

For the year ended June 30, 2025, cost of purchases and proceeds from sales of portfolio securities for in-kind transactions for the Funds were as follows:

LGH	\$ 70,578,742	\$ 18,340,327

June 30, 2025

### 4. INVESTMENT ADVISORY AGREEMENT AND TRANSACTIONS WITH RELATED PARTIES

Howard Capital Management, Inc. (the "Adviser") serves as the Funds' investment adviser pursuant to an investment advisory agreement with the Trust (the "Advisory Agreement"). The Trust has entered into a Global Custody Agreement with Brown Brothers Harriman & Co. (the "Custodian") to serve as custodian and to act as transfer and shareholder services agent. The Trust has also entered into an Underwriting Agreement with Northern Lights Distributors, LLC (the "Distributor") to serve as the principal underwriter and distributor for the Trust.

Pursuant to the Advisory Agreement, the Adviser, under the oversight of the Board, directs the daily operations of the Funds and supervises the performance of administrative and professional services provided by others. As compensation for its services and the related expenses borne by the Adviser, each Fund pays the Adviser a fee, computed and accrued daily and paid monthly, at an annual rate of 0.77% of each Fund's average daily net assets. For the year ended June 30, 2025, the Adviser earned \$4,052,512, and \$3,325,463 in advisory fees for QQH and LGH, respectively.

The Trust, with respect to the Funds, has adopted a distribution and service plan (the "Plan") pursuant to Rule 12b-I under the 1940 Act. Under the Plan, the Funds are authorized to pay distribution fees to the Distributor and other firms that provide distribution and shareholder services ("Service Providers"). If a Service Provider provides these services, the Funds may pay fees at an annual rate not to exceed 0.25% of average daily net assets, pursuant to Rule 12b-I under the 1940 Act.

No distribution or service fees are currently paid by the Funds and there are no current plans to impose these fees. In the event Rule 12b-1 fees were charged, over time they would increase the cost of an investment in the Funds.

<u>Ultimus Fund Solutions, LLC ("UFS")</u> - UFS provides administration and fund accounting services to the Trust. Pursuant to separate servicing agreements with UFS, the Funds pay UFS customary fees for providing administration and fund accounting services to the Funds. Certain officers of the Trust are also officers of UFS, and are not paid any fees directly by the Funds for serving in such capacities.

Northern Lights Compliance Services, LLC ("NLCS") - NLCS, an affiliate of UFS and the Distributor, provides a Chief Compliance Officer to the Trust, as well as related compliance services, pursuant to a consulting agreement between NLCS and the Trust. Under the terms of such agreement, NLCS receives customary fees from each Fund.

<u>Blu Giant, LLC ("Blu Giant")</u> – Blu Giant, an affiliate of UFS, provides EDGAR conversion and filing services as well as print management services for the Funds on an ad-hoc basis. For the provision of these services, Blu Giant receives customary fees from the Funds.

#### 5. CAPITAL SHARE TRANSACTIONS

Shares are not individually redeemable and may be redeemed by the Funds at the net asset value ("NAV") only in large blocks known as "Creation Units." Shares are created and redeemed by the Funds only in Creation Unit size aggregations of 50,000 shares for both QQH and LGH. Only Authorized Participants or transactions done through an Authorized Participant are permitted to purchase or redeem Creation Units from the Funds. An Authorized Participant is either (i) a broker-dealer or other participant in the clearing process through the Continuous Net Settlement System of the National Securities Clearing Corporation or (ii) a DTC participant and, in each case, must have executed a Participant Agreement with the Distributor. Such transactions are generally permitted on an in-kind basis, with a balancing cash component to equate the transaction to the NAV per share of the Funds on the transaction date. Cash may be substituted equivalent to the value of certain securities generally when they are not available in sufficient quantity for delivery, not eligible for trading by the Authorized Participant or as a result of other market circumstances. In addition, the Funds may impose transaction fees on purchases and redemptions of Funds' shares to cover the custodial and other costs incurred by the Funds in effecting trades. A fixed fee may be imposed on each creation and redemption transaction regardless of the number of Creation Units involved in the transaction ("Fixed Fee"). Purchases and redemptions of Creation Units for cash or involving cash-in-lieu are required to pay an additional variable charge to compensate the Funds and its ongoing shareholders for brokerage and market impact expenses relating to Creation Unit transactions ("Variable Charge," and together with the Fixed Fee, the "Transaction Fees").

The Transaction Fees for the Funds are listed in the table below:

Ticker Symbol		Maximum Additional Variable
	Cash Purchases	Charge for Cash Purchases*
QQH	\$500	2.00%*
LGH	\$1,000	2.00%*

<sup>\*</sup> The maximum Transaction Fee may be up to 2.00% of the amount invested.

#### 6. DISTRIBUTIONS TO SHAREHOLDERS AND TAX COMPONENTS OF CAPITAL

The tax character of distributions paid for the year ended June 30, 2025, and June 30, 2024, was as follows:

		I	For the yea	r ended Ju	ne 30, 20	)25

June 30, 2025

As of June 30, 2025, the components of accumulated earnings on a tax basis were as follows:

	Ur	ndistributed	Und	stributed	Post Oc	Post October Loss		Capital Loss	Other		Other Unrealized		Total
		Ordinary	Lor	ıg-Term	and			Carry		ok/Tax	Appreciation/	A	ccumulated
Portfolio		Income	Сар	ital Gains	Late Year Loss			Forwards	Diffe	erences	(Depreciation)	Earnings/(Deficits)	
HCM Defender 100 Index ETF	\$	1,371,319	\$	-	\$	-	\$	(78,588,324)	\$	-	148,855,265	\$	71,638,260
HCM Defender 500 Index ETF		1,672,384		-		-		(42,556,827)		-	110,623,108		69,738,665

The difference between book basis and tax basis undistributed net investment income/(loss), accumulated net realized gain/(loss), and unrealized appreciation/(depreciation) from investments is primarily attributable to the tax deferral of losses on wash sales, passive foreign investment companies, and adjustments for C-Corporation return of capital distributions.

At June 30, 2025, the Funds had capital loss carry forwards for federal income tax purposes available to offset future capital gains, along with capital loss carryforwards utilized as follows:

	_								
Portfolio	S	hort-Term	Long	g-Term		Total	<b>CLCF Utilized</b>		
HCM Defender 100 Index ETF	\$	\$ 78,588,324		-	\$	78,588,324	\$	5,256,164	
HCM Defender 500 Index ETF		42,556,827		-		42,556,827		6,491,352	

Permanent book and tax differences, primarily attributable to the tax adjustments for realized gain (loss) on in-kind redemptions, and the book/tax basis treatment of prior year tax returns resulted in reclassifications for the Funds for the fiscal year ended June 30, 2025, as follows:

	Paid In	Accumulated Earnings (Losses)		
Portfolio	Capital			
HCM Defender 100 Index ETF	\$ 3,710,782	\$	(3,710,782)	
HCM Defender 500 Index ETF	6,148,003		(6,148,003)

Management has determined that no events or transactions occurred requiring adjustment or disclosure in the financial statements.

#### Report of Independent Registered Public Accounting Firm

To the Shareholders of HCM Defender 100 Index ETF and HCM Defender 500 Index ETF and the Board of Trustees of Northern Lights Fund Trust III

#### **Opinion on the Financial Statements**

We have audited the accompanying statements of assets and liabilities of HCM Defender 100 Index ETF and HCM Defender 500 Index ETF (collectively, the Funds), including the schedules of investments, as of June 30, 2025, the related statements of operations for the year then ended, the statements of changes in net assets for each of the two years in the period then ended, and the related notes to the financial statements (collectively, the financial statements), and the financial highlights for each of the five years in the period then ended.

In our opinion, the financial statements and financial highlights present fairly, in all material respects, the financial position of the Funds as of June 30, 2025, the results of their operations for the year then ended, the changes in net assets for each of the two years in the period then ended, and the financial highlights for each of the five years in the period then ended, in conformity with accounting principles generally accepted in the United States of America.

#### **Basis for Opinion**

These financial statements are the responsibility of the Funds' management. Our responsibility is to express an opinion on the Funds' financial statements and financial highlights based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Funds in accordance with U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Funds are not required to have, nor were we engaged to perform, an audit of their internal control over financial reporting. As part of our audits, we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Funds' internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our procedures included confirmation of securities owned as of June 30, 2025, by correspondence with the custodian. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

### Statement Regarding Basis for Approval of Investment Advisory Agreement

#### Renewal of Advisory Agreement - HCM Defender 100 Index ETF and HCM Defender 500 Index ETF\*

In connection with a meeting held on February 26-27, 2025, the Board, including a majority of the Trustees who are not "interested persons" as that term is defined in the 1940 Act, discussed the renewal of the investment advisory agreement (the "Advisory Agreement") between Howard Capital Management, Inc. (the "Adviser") and the Trust, with respect to HCM Defender 100 Index ETF ("HCM 100") and HCM Defender 500 Index ETF ("HCM 500"), (collectively, the "HCM ETFs"). In considering the renewal of the Advisory Agreement, the Board reviewed materials specifically relating to the HCM ETFs and the Advisory Agreement.

The Board relied upon the advice of independent legal counsel and its own business judgment in determining the material factors to be considered in evaluating the Advisory Agreement and the weight to be given to each such factor. The Board's conclusions were based on an evaluation of all of the information provided and were not the result of any one factor. Moreover, each Trustee may have afforded different weight to the various factors in reaching conclusions with respect to the Advisory Agreement.

Nature, Extent and Quality of Services. The Board noted that the Adviser was founded in 1999 and had approximately \$7 billion in total assets under management. The Board reviewed the background information of key investment personnel servicing the HCM ETFs and recognized their broad investment experience. The Board discussed the Adviser's continued utilization of its proprietary quantitative models which generated buy/sell signals to determine when and in which market sectors the HCM ETFs should be invested in. The Board noted the Adviser augmented the models with third-party research on macroeconomic factors, international markets, and interest rate direction. The Board reviewed the Adviser's use of the proprietary quantitative models to mitigate downside risk in the HCM ETFs. The Board noted that the Adviser had defined inputs in its proprietary model to ensure compliance with each HCM ETF's investment limitations. The Board noted that the Adviser engaged a third-party consultant to annually audit the Adviser's cybersecurity protocols. The Board observed that the Adviser selected broker/dealers based on best execution. The Trust's CCO and the Board observed that the Adviser had reported no material compliance issues or data security incidents since the advisory agreements were last approved.

The Board observed that the Adviser monitored liquidity, bid/ask spreads, share price, NAV per share and volume during market hours. The Board discussed that the Adviser reviewed the quality of creation and redemption units each time shares were created or redeemed, and that tracking error was monitored on a real time basis.

The Board concluded that it could reasonably expect the Adviser to continue providing quality service to the HCM ETFs and their respective shareholders.

#### Performance.

HCM 100— The Board noted that HCM 100 earned a 3-star Morningstar rating and outperformed each of its Morningstar category and the HCM Defender 100 Index, and slightly underperformed its peer group median over the prior 1-year period. The Board further noted that HCM 100 underperformed its Morningstar category, peer

group and the Index over the prior 3-year period. The Board observed that HCM 100 outperformed its Morningstar category and peer group, and underperformed the Index, over the prior 5-year and since inception periods. The Board acknowledged that HCM 100 attempted to combat the effects of fee drag by using leveraged ETFs to better track the Index.

HCM 500— The Board commented that HCM 500 earned a 3-star Morningstar rating and outperformed its peer group, Morningstar category, and the HCM Defender 500 Index over the prior I-year, 5-year, and since inception periods. The Board further commented that HCM 500 underperformed its peer group, Morningstar category and Index over the prior 3-year period. The Board recognized the HCM 500 tracked the index with negligible tracking error.

The Board considered the Adviser's analysis of the factors that impacted performance, and the Adviser's ongoing efforts to achieve superior results. After further discussion, the Board concluded that the performance of each HCM ETF was satisfactory.

<u>Fees and Expenses</u>. The Board noted that the advisory fee of each HCM ETF was higher than its peer group and Morningstar category medians and averages. The Board considered the Adviser's explanation for its fees which included that its proprietary model had been developed over many years through extensive research and was continually being reviewed and refined, as deemed appropriate. The Board discussed that the Adviser believed the utilization of its proprietary model commanded a premium. The Board concluded that the advisory fee for each HCM ETF was not unreasonable.

<u>Economies of Scale</u>. The Board discussed the size of HCM 100 and HCM 500 and their respective prospects for growth and concluded that that neither had achieved meaningful economies that would necessitate the establishment of breakpoints. The Board agreed to monitor and revisit this issue at the next renewal.

<u>Profitability</u>. The Board reviewed the Adviser's profitability analysis in connection with its advisory services provided to each of the HCM ETFs and noted that the Adviser had earned a reasonable profit in connection with each HCM ETF. The Board acknowledged the Adviser's continuing investments in resources to effectively manage the HCM ETFs. The Board concluded that the Adviser's profitability for each of the HCM ETFs was not excessive.

<u>Conclusion</u>. Having requested and reviewed such information from the Adviser as the Board believed to be reasonably necessary to evaluate the terms of the Advisory Agreement, and as assisted by the advice of independent counsel, the Board concluded that renewal of the Advisory Agreement was in the best interests of the HCM ETFs and their respective shareholders.

\*Due to timing of the contract renewal schedule, these deliberations may or may not relate to the current performance results of the HCM ETFs.
